MATSUI SECURES FUNDING MEDICAL LIBRARY / EDUCATION CENTER AT UC DAVIS

WASHINGTON, D.C. – Congressman Robert T. Matsui announced today the U.S. House of Representatives approved \$700,000 in funding for the University of California Davis Medical Center. Congressman Matsui spearheaded a regional effort to support the funding for construction of a new medical library and education center. Construction of the center will allow UC Davis' Medical Center to expand its programs and continue its cutting-edge approach to training healthcare professionals. The Medical Center is the only comprehensive healthcare education center in the Sacramento region.

“This funding is critical to the expansion of the Medical Center’s efforts to train qualified healthcare professionals,” said Representative Matsui. **“The new medical library and education center will certainly attract new medical students to the campus, helping to further stem the shortage of nurses and doctors felt throughout the region.”**
